## POLITICAL.

Messrs. Dowling and Crossfield are holding debates in Anderson county as candidates for the Legislature.

Robert Crowe has been nominated for county attorney of Oldham over Hon. A. T. Ladd by the democrats to fill a vacancy.

The books of County Clerk Sam W. Bedford, of Daviess county, are in bad shape and State Examiner and Inspector Henry B. Hines will inspect them. Col. H. L. Pickett, a leading lawyer in Tombs tone, Arizona, who is now in Louisville, is bitterly opposed to Arizona being admitted into the union jointly with New Mexico.

Democratic State headquarters was opened at the Old Inn in Louisville by the Democratic State Committee under the direction of Judge Henry B. Hines, who is chairman of the committee.

The Democratic convention for the 11th senatorial district nominated A. C. Alexander unanimously for State Senator, all opposition having been withdrawn. Alexander pledged himself to local option.

The republican of this railroad district are talking of nominating either Judge John W. Lewis, of Washington county, or Robert A. McDowell, of Louisville, for railroad commissioner against Hon. C. C. McChord.

Former Circuit Judge James Pryor Tarvin, of Covington, Ky., died at Cleveland, O., of asthma. He had just returned from a trip up the lakes. Judge Tarvin was a prominent Democratic politician, attorney and Judge.

Secretary Taft delivered an address at Columbus, O., which is regarded as the opening gun of his presidential campaign. The larger part of his speech was devoted to the railway rate question and the trusts. He strongly endorsed the policies of President Roosevelt.

C. C. McChord, of the Speakers' Bureau, stated that he was in communication with William Jennings Bryan, Senator Ed Carmack, of Tennessee, and Senator-elect John S. Williams, of Mississippi, regarding their ability to speak during the coming campaign.

Henry B. Hines, State campaign chairman announced the following speaking appointments for Judge S. W. Hager and Col. John K. Hendrick, following the initial speaking at Lexington August 31 next: Louisa, Sept., 2; Pikeville, Sept., 3; Prestonburg, Sept., 4; Paintsville, Sept., 5; Salsberyville, Sept., 6; West Liberty, Sept., 7; Hazel Green Sept., 9; Campton, Sept., 10. All of the meetings will be held at 1 o'clock in the afternoon.

Former Mayor Paul C. Barth, of Louisville, in a fit of despondency shot himself in the head in the toilet room, adjoining his office at the Utica Lime Co., at 11:45 o'clock Wednesday morning and died 25 minutes later without ever regaining consciousness. Since the publication of the story of the horse purchased by former City Buyer Bishop for the use of Mayor Barth, and which Mr. Barth said he later decided to buy because of his attachment for the animal, upon which transaction his friends say a wrong construction was put, Mr. Barth had been morose and despondent.

JUNCTION CITY.—J. M. Keane has completed his baking plant and now employs 12 men regularly. He has a metropolitan plant and supplies his fine products to a wide scope of country. Mr. H. C. Catron, the pop king, is doing a land office business. He is now bottling 1,000 dozen bottles per week. He operates a factory at Sterns and one in Junction City. R. H. West, representing Goyert & Vogle, of Cincinnati, ships two car loads of eggs to New York each week. Two cars hold 9,000 dozen, so if all the rest of the country keeps up with Junction City, the Gothamites evidently like hen fruit.

## HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught up in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga. For sale by all druggists.

Politicians now figure that Secretary Taft's speech at Columbus signalizes the real opening of the presidential campaign. The Taft and anti-Taft people will probably be aligned as the "progressive Republicans" and the "Conservatives."

## IN NEIGHBORING COUNTIES.

Richmond will have a fair Sept. 10 to 13th.

Capt. John R. Kenney is dead at Nicholasville. He was a captain of the local militia there.

Albert Linney, who has held a position for several months with the Danville Advocate came to Lexington Monday and has accepted a position with the Spotswood Specialty Company in this city.—Lexington Gazette.

Military officers of the State may ask the next General Assembly to purchase the old battlefield at Perryville and convert the grounds into a permanent location for the annual encampment of the Kentucky State Guards. Col. E. W. Lillard, of Danville, is heading the movement, and is receiving much encouragement in the project.

William Montgomery arrested at Parksville Ebbe Hays, colored, who entered the Parksville postoffice and took \$76 worth of stamps of the denominations of 5, 8 and 10 cents. Hays is a small, crippled youth, and admitted that he took the stamps, but states that he thought they were old ones and had been used.

Mrs. Hannah G. Taylor, the oldest resident of Boyle county, died at her home in the Forkland neighborhood. She was in her 95th year and until a short time before her death was apparently in perfect health. She had lived in the same house for 70 years. Before her marriage she lived in Stanford, her maiden name being Warren.

Col. Asa K. Martin, of Winchester, the widely-known Kentucky weather prognosticator, who on August 1st usually makes known his weather predictions for the approaching winter has issued his official announcement and all residents of Lincoln should bear it in mind and watch the results: According to Forecaster Martin we are to have 26 snows the coming winter. The first of these is scheduled to fall on November 11 and the last on May 1, 1908.

## MATRIMONIAL.

W. M. Stephens, 30, and Miss Lena Wren, 17, were married at Riley Stephens Wednesday.

## For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seltz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free by all druggists.

It was under democratic administration that a railroad rate law went upon the statute books of Kentucky, this State being one of the pioneers in the matter of such legislation. A republican governor, Wm. O. Bradley, vetoed the bill but a democratic General Assembly enacted it into a law two years later. Under its provisions thousands of dollars have been saved to the shippers of the State.

## Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York County, Pa. This remedy is for sale by all druggists.

Secretary of War Taft spoke to a large audience at Lexington yesterday, notwithstanding the inclement weather.

## Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakdale, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." G. L. Penny.

An explosion of dynamite in a Chinese mine near Eangtse resulted in the death of two Germans and 103 Chinamen.

Beckham to join Gov. Patterson of Tennessee in a determined effort to put an end to the outrages against nonassociation farmers.

For the second four years of 1904 to 1907, it averaged \$3.22, an increase over the preceding four years of 75 cents, and over the four years of Republican administration of 87 cents. ### FOR A GREATER AND BETTER STANFORD!

Tuesday night the last saloon in Lincoln county closed its doors at Rowland to no more spread its deadly poison among the youths and men of our city and county. The people by a majority of 1,242 last September spoke in no uncertain tones that they wanted a better Lincoln county and City of Stanford morally and in every way that goes to make a clean state of affairs. In the past 12 months in Lincoln county and in Stanford there has been more real estate transferred, bought and sold, than in any previous five years. Our merchants and landlords have improved their stores and buildings to such an extent that it is even noticeable to the most unconcerned person. What does all this mean? It means that those who have heretofore spent their hard-earned money foolishly are now spending it with the merchants, thus enabling those merchants to improve and beautify their stores and to give to the people better goods, better provisions and better prices than ever before.

Now let the Law and Order League get down to business right and assist with all of its power the County Judge, County Attorney, Sheriff, Police Judge, Mayor and Chief of Police to enforce the laws and drive from our city and county the blind-tiger operators, cocaine and soiled dove dives, if there be such running in Macksville and on the "Creek," and it is more than likely that they will be, since the last saloon has gone.

Our city tax is 70c on the \$100 of taxable property within the corporate limits, now can't the city fathers give to us better streets; cleaner gutters; better crossings from one side walk to the other; a more sanitary St. Asaph creek and make other needed improvements to harmonize with the work already done by the legal voters of Lincoln county and the City of Stanford? You have been doing good work of late, but let's all pull together and put our shoulders to the wheel and make A GREATER AND BETTER STANFORD! What do you say?

We are proud of Stanford and her people, because they are the best people on God's green earth. We are likewise as proud of old Lincoln county and her splendid citizenship. We have never regretted the day that we cast our lot and fortunes with you both, and we want to live to see the day come when Stanford will be the best moral town in Kentucky. We are for the upbuilding and not for the tearing down of it. We have four splendid churches; one of the best Graded Schools in the State; also a Female Seminary; two excellent and thriving banks—The Lincoln County National and First National—with the largest deposits ever in their history, which goes to show that they are honestly and economically managed; two excellent hotels; two large roller mills; new creamery; ice and electric light plant; planing mill; laundry and a \$20,000-to-be Odd Fellows' Temple under headway and other things that go toward making an up-to-date, good and thriving city.

Stanford can boast of her solid merchants with much pride. Not in any kind of business has there been an assignment or a bankrupt case in years, but most of her merchants discount their bills, thus enabling them to serve the people and public with the lowest prices and best goods obtainable in the great markets of the East, North and South.

We want to impress on our friends who live in the county that the only way that you can make a prosperous county seat is to talk for it, trade with its merchants, exchange your produce for their goods, thus helping both to live and let live and come to see them oftener and get better acquainted with each other, then when Sunday comes, you can go to church and enjoy a splendid sermon and say to yourself: "I have done my duty this week and let's serve Him better and do more nobler things next week."

We are going to do our duty toward making A GREATER AND BETTER STANFORD by giving to our patrons all the news, fresh and clean, free from prejudice and more than ever before and we hope and pray the best that can go towards making the most readable sheet to be found in Kentucky.

J. M. A.

In his speech at Vanceburg Tuesday "Hummy" Willson almost verbatim recited to a small audience which greeted him the words uttered by "Uncle Naps" Hays against Judge Hager in the democratic primary last fall. "Uncle Naps" was his chief witness. No wonder when his term of office expires he will seek other fields. We said all along that the republicans would use his speeches as ammunition against the democratic ticket this fall and sure enough they are. Why doesn't he go to Pike's Peak and take a leap from it, from whence he shall never return, instead of going to Oklahoma as is reported?

AUGUSTUS E. WILLSON, Republican nominee for Governor, opened his party's campaign for State offices with a speech at Maysville. He was warmly greeted in his native city and delivered an address in which he pleaded with Democrats to vote the Republican ticket. It was evident from the tone of the remarks of Mr. Willson and the other speakers that no effort is to be spared during the campaign to attract Democrats to the Republican standard. The crowd in attendance, while of good size, was not as large as had been hoped and predicted by the Republican managers.

WHEN the democratic party took up the reins of government in 1900 it found a deficit in the public treasury of \$1,699,657.36 in excess of the assets of the State. Today the State is free from debt, with about \$300,000 in the treasury at the close of the fiscal year June 30, last.

MARK HANNA is not dead. We thought he was, but it seems that Mayor Bingham, of Louisville, has brought him to life, though he is only a real horse that the taxpayers of Louisville bought and ex-Mayor Pauly Barth was using for his own private use.

THESE were the words uttered by President Roosevelt at Provincetown, Mass: "We want a law for the criminal prosecution of officers of trusts. There will be no change in the policy we have steadily pursued."

It is under Democratic administration that a home for decrepit Confederate soldiers was established and nearly \$200,000 expended in making their declining days comfortable.

### In the Land of Good Things.

The editor of this paper is playing the gentleman this week—living on the fat of the land at Mr. Sam Damron's, just below Mt. Salem, and drinking the health-giving water at Sims' Olympian Springs. He already feels a shade better and hopes by the end of the week to be ready to resume his duties on the "cheapest and best." He and family were fortunate in getting board at Mr. Damron's. The home is a delightful one, each member of the family is courteous and kind and the table they set is par excellence. Chickens seem to grow on trees, old ham as plentiful as city middling, eggs as butter like 'em, delightful bread, milk and buttermilk the best you ever saw or tasted. Who could want more? Surely 'tis too much for the writer, who is here trying to rid himself of an annoying stomach trouble.

A good crowd is searching for health at Olympian Springs. In it are Mr. Ivon Fish, Crab Orchard's clever L. & N. agent, Mr. Solomon Estes, a splendid citizen of Pulaski, Mr. A. B. McKinney, an aged Lincoln county gentleman, John Whipp, one of the finest young men of Liberty, Mr. and Mrs. Slattery, of Tatham Springs, Mr. James Allen, of Casey, and others. Messrs. Jno. G. Lynn, George and Mack Holmes and C. A. Redd, of Lincoln, have been here, gotten well and gone, all singing praises of the virtues of Olympian Springs Water.

Crops in this section are fine. Corn is especially good and the yield of wheat was satisfactory. The little tobacco planted in this section is looking well. The hay crop was the best for a long time. Farmers are seemingly contented.

F. M. Sims, proprietor of Olympian Springs, hasn't the only water in this section. G. J. Austin gave us a taste of some from a well recently dug on his place which is as salty as ocean water. It is as clear as a crystal but too much like brine to use for drinking or domestic purposes.

Messrs. A. C. Dunn and W. H. Shanks arrived yesterday afternoon to remain a few days. The former has made several trips here and has been benefited by the water. Mr. Shanks is a hard drinker of Olympian water. It took a half dozen or more glasses to quench his thirst when he arrived.

Lots of timber is being hauled by here to McKinney, to be shipped to the cities. Casey's supply seems to be inexhaustible. Lumber is high and it brings an immense amount of money to the "State of Casey" yearly. YE ED.

### Bobbitt Writes of Beautiful Women.

CRAB ORCHARD, Aug. 26, 1907.—As many of my friends, male and female, from Judge Morrow to my most timid feminine admirer are cutting out my letters and pasting them in scrapbooks, they have 63,000 miles to read; 63,000 square miles, the territory won by the South from Mexico. Judge Morrow thinks many of these things will be threshed over after I am gone.

I have heard of many people, friends and relatives, who are coming back to the show next July. Some are getting ready now. I hope no malignant fiend will shoot any more of them.

I was at the Springs yesterday. Many guests there and Mr. Willis and wife are scattering bouquets of pleasure like the gentle dews falling upon a fragrant bed of violets. What a noble host! What a generous hostess! Long may they be kept at the helm of the Saratoga of the West. People have come to this favorite resort who have not been here for 20 years and are coming back again next year. Four elegant ladies from the Springs came into the courtroom on business. I remembered that I had come into the court house to consult the Kentucky statutes, but my whole time had been taken up in trying to decide which was the most beautiful. One of them came from Springfield, Mo., with two handsome sons and a sweet little daughter. She left two grown daughters at home;

"Glorious as the full blown flower And the heart of manhood feels their power."

Next year she is coming and bring them also. I told her she would go back with one daughter less and a son-in-law more. She is a most beautiful and graceful woman.

"Time's effacing fingers Had not swept the lines where beauty lingers."

She looked younger than she did 20 years ago. I saw her departure at the depot. Her husband is a master mechanic at a handsome salary. She is a sister of Squire James T. Roberts.

In speaking of the lovely and beautiful, the removal of Miss Pearl Campbell from the Casket of Celibacy will make many an empty plate at the Campbell Hostelry. Many went there not to be regaled with food and fruit but to be waited on by Miss Pearl and gaze into the serene depths of those beautiful eyes. I know of litigants, witnesses, lawyers and law students who stopped there for that purpose. But the Pearl of great price is now gone and my paper is all gone.

FONTAINE F. BOBBITT.

### PREACHERSVILLE.

Mrs. Matt Rigby, who has been very sick, is some better. Mrs. Susan Edmiston is in a precarious condition. Mrs. Joe Lunsford, who has been ill of malarial fever, is convalescent.

Jones bought a bunch of fat hogs from D. M. Anderson at 5c. John B. Anderson sold some baled hay to Baughman & Co. at \$10 to \$12.

Rev. Palmer, pastor of the M. E. church, will soon attend conference. It is reported on good authority that the parsonage will be sold at conference. Also reported, but not given much credence, that the church house at this place is to be sold. Rev. H. M. Shouse pastor of the Baptist church, preached Sunday morning on "Jesus and Peter at a Fish Fry." A protracted meeting is in progress at Beech Grove and much interest is being manifested. Revs. Baird and Davis are doing the preaching.

### A Mild Laxative For Baby's Bowels

The infant or the child should not be given salts, purgative waters or harsh pills or tablets when the bowels are constipated, and neither should any medicine be used that contains a narcotic.

It is well for mothers to remember that there is no better, gentler or more effective remedy for children's stomach and bowel troubles than Dr. Caldwell's Syrup Pepsin. Its purity and mildness make it especially adapted to young people's use. It works gently but surely, and containing, as it does, many tonic ingredients, it not only cleans out the congested bowels, but tones the system and makes the child feel better in every way.

Among the thousands who are using Dr. Caldwell's Syrup Pepsin is Mrs. Spalding, of Mayfield, Ky., and she writes that she gives it to her baby regularly and that she would not be without it. She has used it herself for a long time and ought to know.

Mothers will find this an invaluable remedy for old and young in constipation, dyspepsia, liver trouble, diarrhea, colic, worms, and the many other ills that afflict the stomach and bowels. It is guaranteed to do what we claim, and by its use a home cure at very little cost is easily brought about.

Children are often troubled with skin diseases, are backward in school, lose weight and do not care to eat or play, when all that is really the matter with them is stomach trouble that Dr. Caldwell's Syrup Pepsin will correct. Go to your druggist to-day and buy a bottle and see how quickly the child gets well again.

It is a good thing for the whole family to use in stomach, liver and bowel complaints. A 50 cent bottle has often restored an entire family.

**FREE TEST** Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get the best yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears purity guarantee No. 17, Washington, D. C.

## IN MEMORIAM.

On June 9th we were called upon to give up our friend and sister, Josephine C. Bishop. In her death we feel we have lost one of our best women, one who was ever ready to speak a word of cheer and extend a hand of sympathy. To us it seemed she was too young to die and she had so much for which to live; but He Who is the "giver of all perfect gifts" saw fit to take her, so we in humble submission say, "Thy will be done," and with the poet believe There is no death—the thing that we call death

Is but another, sadder name for life, which is itself an insufficient name. Faint recognition of that unknown life, That Power whose shadow is the Universe.

Therefore be it resolved that the ladies assure the young husband and her family of their deepest sympathy and pray God's blessing on them and especially little Joseph, who is bereft of a child's best friend—mother.

The Ladies Society has lost an efficient member, the church a faithful worker, one who was willing to do what her hands found to do.

That a page of the record be set aside and these resolutions spread upon it as a memorial, a copy be sent to the family and one be prepared for publication. Ladies Aid Society, Christian church, Moreland.

At Seymour, Ind., James C. Gilbert, aged 69, died of typhoid fever. His 15 year old son died also. They were buried together. Mrs. Gilbert is also very low with typhoid fever. After being stricken with the fever Mrs. Gilbert told some of her friends where to dig in the garden. They followed her instructions and found a bucket of gold.

## "Regular as the Sun."

is an expression as old as the race. No doubt the rising and setting of the sun is the most regular performance in the universe, unless it is the action of the bowels when regulated with Dr. King's New Life Pills. Guaranteed by Penny's Drug Store. 25c.

County Clerk W. J. Semonin, of Jefferson county, has settled in full with the State, also with the county, so that there is no claim whatever against him. The Louisville Republican 'organ made a strenuous effort to saddle Mr. Semonin's failure to meet check on Judge Hager, Democratic nominee for Governor, but his noise was only thunder, for Judge Hager, in a card to the public, showed his procedure was not only legal and protective against himself, but proved the Republican trailer very inaccurate. Suppose a man had been in Judge Hager's place, who was not acquainted with legal steps in such cases, we could easily anticipate results. Judge Hager has made an officer whose acts are an open book to the people, which are above just criticism, and as he has been a model in the offices he has filled, State Treasurer and Auditor, so we may expect of him as Governor. In him the people need have no fears from any source, for he has been tried and approved, and the people will see to it that he is promoted the coming November to the State's highest gift.—Mt. Sterling Advocate.

## The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Penny's Drug Store.

Two cases of a rare disease known as "relapsing fever" have appeared in a New York hospital.

## KINGSVILLE.

Don't fail to attend the Maccabee picnic at Thompson's grove on the 24th. State Commander Elkin, Hons. F. F. Bobbitt, R. C. Warren, W. S. Burch, S. M. Owens and other prominent speakers are to be on hand. Mr. Bobbitt's subject will be "Law" and this alone will make the picnic a success.

Mrs. Charles Robins, of Dayton, O., was the guest of Mrs. Wm. Lane. Mr. VanDeveer, of Nicholasville, is our new station agent. He succeeds Manfred Gooch, who resigned to accept a position with his brother, a large lumber dealer at Nashville, Tenn. The community gives him up with much regret. Mrs. Sebastian Chevolette and children, were guests of her sister, Mrs. Williams, at Eubanks. Dan Hester and wife and Claude Hester and wife attended the Lexington fair.

Cecil Gooch will leave soon for the Jamestown Exposition, Washington and Baltimore to spend several weeks. J. Ed Bolan is here from Lexington buying poles for the Green Briar Pole Co., of Charleston, W. Va. Mrs. Lizzie Carey was quite sick but is better. Dr. C. M. Thompson continues ill of jaundice. J. L. Johnson is ill. Miss Frances Perkins has returned to Cincinnati. Dr. Tate was here from Somerset this week.

**Chamberlain's Colic, Cholera and Diarrhoea Remedy.**  
Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. Johnston, Linton, Miss For sale by all druggists.

Last Spring Mayor J. R. Steel and a majority of the councilmen of Junction City handed in their resignation to Judge Nichols and so far their places have not been filled. As a result no levy has been made for city taxes with which to pay the officers and keep the streets in repair. If the town marshal wants a little dough for his services there is nobody to whom he can legally apply and if there was any money in the treasury it couldn't be paid out as there is not a quorum of commissioned councilmen.
